

Dear Participants of ISDRS 2025, dear Members of the Society,

The Budapest Conference is approaching soon and we would like to share some important information with you regarding the Conference as well as the Society.

1. We are working hard to finalise the detailed programme. You can already find the structure of the **programme on the Conference [web page](#)** as well as the schedule of the different [Tracks](#). In the next couple of days we will upload the detailed programme to the Oxford Abstracts platform and you will be able to check the exact time and place of your presentation(s).
2. We uploaded information to help you **prepare for the Conference**: a [guide for oral presentations](#) as well as [posters](#), and information regarding the [social programmes](#).
3. The organisation of the **Ph.D. Workshop** is in its full swing. Thanks to our mentors, however, we still have a few spaces left, so if you are a Ph.D. student who is interested in joining the discussions, but has not sent your application yet, please, visit the [relevant page](#) of the Conference and [sign up for the programme](#).
4. We have uploaded information about the [Sustainability Trips](#) on the 12th of July (Saturday). There will be three options you can choose from and we ask you to make your choice following [this link](#) by the 3rd of July, latest. Once we have a better understanding of the numbers, we will send you information specific to your trip.

As a participant of the Conference, **you are also a member** of the International Sustainable Development Research Society. While organising the annual conferences is one of the most important activities of the Society, we are doing much more:

- we organise successful conferences for master students,
- our new journal, Sustainability and Beyond is just about to launch and
- we plan to organise on-line events for Society members to foster interaction between scholars and disciplines.

To tell you more about the Society and its activities, **we invite you to the annual General Assembly of ISDRS**, which will be held on **Thursday, the 10th of July** at 3:30 p.m. During this event we will introduce our recent activities and successes, and will inform you about changes in our governance. This is a chance for you to ask questions, make recommendations and engage with our enthusiastic community.

You can find the Agenda of the General Assembly [here](#) - please, let us know if you would like to suggest any additional agenda items for discussion.

We are looking forward to meeting you in Budapest soon!

Best regards,

Gyula Zilahy

On behalf of the Organising Committee
